FOR IMMEDIATE RELEASE

CORE INFORMATION TECHNOLOGIES JOINS KONECT RESELLER PARTNER PROGRAM

CALGARY, Alberta, Feb 15, 2006 – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in access serverware for small and mid-size businesses, is pleased to announce the addition of Core Information Technologies Ltd. (“CIT”) to its Konect™ Reseller Partner Program. CIT provides a full range of cost effective computer and network support options to businesses in Vancouver, British Columbia, Canada since 2001.

“We strive to be our clients’ off site IT support department,” says Kim Hikichi, President & CTO, at CIT. “This requires us to be familiar and experienced with the latest technology options available to ensure we provide our clients with the best possible options to support their business. With the addition of Konect to our portfolio of solutions, we are able to provide our clients with a cost effective way to centralize, secure and manage all of their applications while providing their employees with access wherever and whenever they need it.”

“We are very happy to welcome CIT onboard as a Konect reseller,” said Alex Bethlehem, President and CEO of desktopsites. “We are working hard to expand our footprint on the west coast and CIT is an excellent partner to help us in this effort. Our partner network continues to expand rapidly, providing us with the best possible channel to reach small and mid size businesses in this exciting market. And we are looking forward to working with CIT and our other Vancouver area partners as we prepare for our participation in the Massive 2006 show in Vancouver, British Columbia on February 28th, 2006.”

About desktopsites
