### **FOR IMMEDIATE RELEASE**

#### **BENT NET INC. JOINS KONECT RESELLER PARTNER PROGRAM**

**CALGARY, Alberta, May 13, 2005** – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in access infrastructure serverware for the small and mid-size business (“SMB”) market, is pleased to announce the addition of Bent Net Inc. (“Bent”) to its Reseller partner program. Bent has been delivering value-add IT services to SMB companies in the Calgary area for over 10 years.

“Our decision to join the Konect Reseller partner program is a direct result of the demand we see from our customers for IT solutions that can reduce their costs and simplify their IT environments,” said Steven Blecic, President of Bent Net Inc. “Konect is a compelling solution for SMBs, reducing software licensing costs, reducing infrastructure requirements, simplifying remote connectivity and reducing IT support needs. Without question, Konect is a technology that SMBs have desperately needed but until now have been unable to afford. We are looking forward to delivering Konect to meet the demand we see out there.”

“We are very excited to welcome Bent to our Konect Reseller partner program,” said Alex Bethlehem, President and CEO of desktopsites. “Bent has demonstrated leadership in implementing innovative solutions, such as their e-Desk service, that deliver the service and price point SMBs need. As an emerging force in serverware solutions for SMBs, desktopsites provides partners such as Bent with an excellent opportunity to grow their business. Konect is well positioned to assist SMBs in overcoming the business challenges they face today.”
