## **FOR IMMEDIATE RELEASE**

### **KONECT PARTNER PROGRAM EXTENDS US PRESENCE**

**CALGARY, Alberta, September 5, 2006** – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in access serverware for small and mid-size businesses, is pleased to announce the addition of Think Tank Networking Technology Group (“THINK TANK”) to its Konect™ Reseller Partner Program. THINK TANK is a premier solution provider in the midwestern United States providing solutions to clients for over the past 15 years.

“Our professional staff is considered to be one of the finest computer engineering groups in the Midwest,” says James Gagan, President at THINK TANK. “All of our engineers hold multiple industry certifications and represent the most complex solutions that our clients require. We pride ourselves in the quality of our people and the quality of the solutions that we provide. Just as we ensure our clients never have to pay for our engineers to learn on the job, we ensure we only put forward the best solutions and it is with this consideration that we are adding Konect to our portfolio. Our team sees tremendous opportunity for this solution in a space that is seriously underserved.”

“THINK TANK is a terrific example of an exciting trend in the development of our partner network,” said Alex B, President and CEO of desktopsites. “Value added resellers and ISVs who have previously worked with other access solution providers are now turning to Konect as the solution they need to meet their client needs. Konect is a real and viable access solution for all sizes of business, particularly small and mid-sized companies, and unlike some other solutions it is delivering the value and price that these markets are looking for.”
