FOR IMMEDIATE RELEASE

KONECT PARTNER PROGRAM EXTENDS PRESENCE IN ONTARIO, USA AND INDIA MARKETS ADDING CYBERQUEST SYSTEMS

CALGARY, Alberta, July 13, 2006 – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in access serverware for small and mid-size businesses, is pleased to announce the addition of CyberQuest Systems Ltd. (“CyberQuest”) to its Konect™ Reseller Partner Program. CyberQuest has been delivering IT solutions to customers in Canada, and the United States for more than 6 years.

“CyberQuest has worked diligently to develop a sound portfolio of productivity tools and applications for our customers, whether large or small,” says Syed Ali, CRM Specialist at CyberQuest. “While the market for IT products and services is growing substantially for small and mid-size customers, it has been a struggle to add quality and affordable new solutions to serve this market as well as the enterprise market. This Konect technology is a refreshing change from the ordinary, providing all manner of benefits to companies of any size. And with its simple, powerful capabilities, we anticipate great success in the market place.”

“Our new partners are demonstrating an increasing interest in not only provisioning Konect to our target market of small and mid-size customers but also with larger enterprise customers,” said Alex Bethlehem, President and CEO of desktopsites. “The addition of CyberQuest is another example of a partner that sees tremendous opportunity for Konect in the enterprise market. Not only is this exciting for us but we are also keen to explore opportunities with them along the eastern seaboard of the United States and Southern Ontario.”
