FOR IMMEDIATE RELEASE

IRIS SYSTEMS JOINS KONECT RESELLER PARTNER PROGRAM

CALGARY, Alberta, June 16, 2006 – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in access serverware for small and mid-size businesses, is pleased to announce the addition of IRIS Systems, Inc. (“IRIS Systems”) to its Konect™ Reseller Partner Program. IRIS Systems collaborates with leading technology companies and research organizations to develop, integrate and deploy information technology solutions for organizations that are distributed and need integrated and interoperable information management solutions.

“We are very excited to be working with desktopsites and to be able to offer their Konect solution to our current and future customers,” says Eugene Igras, President at IRIS Systems. “We are seeing and are anticipating even greater demand for remote technology and information access from all of our customers’ industries. Konect is a natural fit, providing a very complete feature set with minimal installation and administration requirements. Add this to its very reasonable price point and the value proposition to our customers and our business is very compelling. We see a great value add to our information technology / information management portfolio.”

“IRIS Systems is a strong local player in the healthcare sector” said Alex Bethlehem, President and CEO of desktopsites. “We see a terrific fit for Konect in the healthcare sector, providing the critical means to information access and dissemination that this industry needs. With IRIS Systems’ expertise and domain knowledge in healthcare and Konect’s feature set, we are exciting to launch joint sales and marketing efforts and are anticipating strong growth in this sector.”
