### **FOR IMMEDIATE RELEASE**

## **DPD SOFTWARE JOINS KONECT RESELLER PARTNER PROGRAM**

**CALGARY, Alberta, Feb 24, 2006** – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in access serverware for small and mid-size businesses, is pleased to announce the addition of DPD Software Ltd. (“DPD Software”) to its Konect™ Reseller Partner Program. DPD delivers a range of IT solutions from packaged software to software integration to their customers in Winnipeg, Manitoba, Canada.

“Our business was founded to meet the technology needs of entrepreneurs and small businesses who require high quality customized data applications to resolve their unique business challenges,” says Wayne Dinzey, President, at DPD Software. “Over the years an additional dimension has evolved whereby our customers need to access these applications from wherever they may be at almost any time of the day or night. The Konect solution gives them this ability in a very simple and very cost effective manner. Not only are we excited about the potential benefits Konect can provide our customers but we are excited about how we can use the solution to simplify our support with these customers.”

“The addition of DPD Software is an important milestone for desktopsites and our Konect solution,” said Alex Bethlehem, President and CEO of desktopsites. “We are committed to building an integrated national reseller network across Canada and DPD Software provides us with the ability to serve the Manitoba marketplace. DPD Software’s reputation, customer base and excellent portfolio of solutions makes them an excellent partner to work with in the local market and we are excited about the opportunities this presents for Konect with Manitoba-based businesses.”

### **About desktopsites**

desktopsites is an emerging leader and innovator in on-demand application publishing serverware solutions for small and mid-size businesses globally. desktopsites’ Konect solution enables companies to simply and securely extend network resources and seamlessly publish applications, wherever and whenever they are needed. desktopsites was founded in 2000 and is headquartered in Calgary, Alberta, Canada. For further information visit <http://www.desktopsites.com>.

### **About DPD Software Ltd.**

DPD Software delivers IT solutions designed to address their customers’ business needs, be it a web-based solution, software integration project or deployment of packaged software. Since 1992 DPD Software has gained considerable experience as a result of its direct involvement in the deployment of systems for a wide range of businesses. Some of these industries include food services, general merchandising, legal, hotel, entertainment, medical, education, manufacturing, financial, transportation, hospitality and distribution. Based in Winnipeg, Manitoba, DPD Software leverages well nurtured skills and expertise with technology to support their customers’ sales, administrative and management functions.
