FOR IMMEDIATE RELEASE

FAT SYSTEMS JOINS KONECT RESELLER PARTNER PROGRAM

CALGARY, Alberta, June 27, 2005 – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in access infrastructure serverware for small businesses, is pleased to announce the addition of Fat Systems to its Konect™ Reseller partner program. Fat Systems has been delivering network administration and information technology services to a variety of companies in the Calgary area for almost 10 years.

“Our customers are small businesses but more and more they are facing big company challenges such as mobility, security and making sure technology costs are well justified,” said Tim Gonyea, Vice President of Fat Systems. “There is an undeniable demand within our customers for technologies that reduce IT complexity and costs. As we see it, Konect is the technology answer to many of the needs and challenges they are expressing to us.”

“Fat Systems is an excellent addition to our Konect Reseller partner program and we feel fortunate to be welcoming them as a Konect advisor to small businesses,” said Alex Bethlehem, President and CEO of desktopsites. “Fat Systems has always taken a no-nonsense approach to ensuring their customers are receiving the right technology solutions. In return their customers have a genuine respect for Fat System’s capabilities and look to them as trusted advisors for their technology decisions. We are excited to be working with Fat Systems to further solidify these customer relationships with solutions such as Konect.
