FOR IMMEDIATE RELEASE**CAREFREE COMPUTING JOINS KONECT RESELLER PARTNER PROGRAM**

CALGARY, Alberta, June 15th, 2007 – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in application delivery solutions for small and mid-size businesses, is pleased to announce the addition of Carefree Computing, Inc. (“Carefree Computing”) to its Konect™ Reseller Partner Program. Carefree Computing is a Microsoft partner that specializes in LAN consulting, hardware and software solutions and services.

“No matter the size of business, time is money today,” says David Arrants, President of Carefree Computing. “It is critically important for all businesses to be able to minimize the time it takes them to do their business, their jobs, fix their challenges and bring forward new solutions for customers. Our team works hard for our customers to provide them with the solutions and services that support this objective. The Konect solution is an excellent example of a new breed of cost effective solution that provides a number of key capabilities that help businesses with their time needs.”

“We are very excited to add Carefree Computing to our Konect Reseller Program,” said Alex Bethlehem, President and CEO of desktopsites. “Carefree Computing provides key local and remote services to their customers and see tremendous opportunities for Konect to not only expand their customer base but also provide services to support their existing customers. We are seeing the continued emergence of opportunities for Konect in our reseller channel to provide multi-disciplinary value because of its low price point, powerful capabilities and simply administration and management needs.”

About desktopsites

desktopsites is an emerging leader and innovator in application delivery solutions for small and mid-size businesses globally. desktopsites’ Konect solution enables companies to simply and securely extend network resources and seamlessly publish applications, wherever and whenever they are needed. desktopsites was founded in 2000 and is headquartered in Calgary, Alberta, Canada.
