**FOR IMMEDIATE RELEASE**

**MAG-NET NETWORKS JOINS KONECT RESELLER PARTNER PROGRAM**

**CALGARY, Alberta, May 8, 2007** – desktopsites Inc. (“desktopsites”), a rapidly emerging leader in application delivery solutions for small and mid-size businesses, is pleased to announce the addition of Mag-Net Networks (“Mag-Net”) to its Konect™ Reseller Partner Program. Mag-Net Networks offers complete client-focused network design, systems sales, integration and support services.

“We are very excited to offer the Konect solution to local businesses,” says Ryan Todd, Service Department Manager of Mag-Net. “No matter where businesses are located or what size they are, at some level they all face the same challenges and have the same types of business objectives, just on a different scale. Konect provides our customers with the ability to deliver their applications to the right people at the right time and with the right security. This is proving to be a valuable set of capabilities for our customers.”

“The addition of Mag-Net to our reseller program is a strong testament to the value of Konect to small businesses in all locations,” said Alex Bethlehem, President and CEO of desktopsites. “Prince George is not the largest centre for small business in Canada but local small businesses do have the same challenges as their counterparts in larger centres. This is the value proposition we set out to deliver when we developed Konect; allow small businesses to deliver their applications with the features they need at a price they can afford.”

**About desktopsites**

desktopsites is an emerging leader and innovator in application delivery solutions for small and mid-size businesses globally. desktopsites’ Konect solution enables companies to simply and securely extend network resources and seamlessly publish applications, wherever and whenever they are needed. desktopsites was founded in 2000 and is headquartered in Calgary, Alberta, Canada.
